

PU300

DC-DC Converter

PU300-series 216 to 300W

Input / Output

- Wide input voltage ranges.
- Input ranges from 10 to 270 Vd.c.
- Single outputs from 12 to 60 Vd.c.
- Reverse input voltage protection.

Operation

- High efficiency.
- Operating temperature range -25 to +55°C.
- Fully encapsulated, meets IP20 as standard.
- Convection cooled.

Features

- Overvoltage protection OVP.
- Extra output with series diode.
- Over/Under voltage alarm relay.
- Remote sense.
- Inhibit input / Power down.
- Output voltage adjustable on frontpanel.

EMC

- EN61000-6-3, Emission.
- EN61000-6-2, Immunity.
- EN/IEC61000-4-4, 4kV.
- EN/IEC61000-4-5 level 2&3.

Input and output ratings

Nominal inputs	Input range	Code
12, 24 Vd.c.	10 to 30V	A
24, 28, 36, 48 Vd.c.	20 to 60V	B
72, 96, 110, 127 Vd.c.	50 to 150V	C
110, 127, 220 Vd.c.	90 to 270V	D

Input voltages meeting train standard
EN50155/IEC60571, can be made on demand.

How to read our product code:

Example **PU300A12**

PU300 = Family code

A = input voltage code A

12 = Output voltage 12V

Features

- Overvoltage protection OVP**

The output voltage is limited to 15% over nominal output voltage by an extra regulation circuit.

- External output voltage sense**

External sense is used when the voltage regulation at the load is critical.

The sense can compensate voltage drops up to 5% of the nominal voltage.

- Remote sense**

External sense is used when the voltage regulation at the load is critical.

The sense can compensate voltage drops up to 5% of the nominal voltage.

- Extra output with series diode**

Use the series diode output when the output is connected in parallel with other power supplies to archive redundancy.

- Over / Under voltage alarm**

The built in relay changes to alarm state if the converter output voltage is not within 90% to 115% of nominal output.

The user can select NO or NC relay function.

The relay rating is 30V 0.5A (d.c. or a.c.)

- Inhibit input / Power down**

This input allows remote start and shutdown of the converter by a signal voltage of 5 to 12V. Max 35mA.

Optional Features

- Inrush current limit with NTC**

Reduces the inrush current during start up. The input voltage range will be affected. Only available on C & D input code.

- Conformally coating**

For environment with high non condensing humidity max 98% RH.

- Mounting brackets L216-1**

Se figure 3.

- 19" Rack mounting set**

To mount two PU300 together to form a full 19" rack unit, see figure 2.

- 19" Rack mounting bracket**

To mount one PU300 to form a full 19" rack unit, see figure 2.

- Empty box**

To produce a full 19"-rack unit. Includes 19"-rack mounting set, see top section of figure 2. (One converter replaced by empty box.)

- Train input**

Input voltage range according to train standard EN50155 and IEC60571.

For train 36V use standard B-range and for 110V use standard C-range.

General data / input data

Design topology	Push-Pull
Switching frequency	40 kHz

Current limit, rectangular.	105%
Remote sense	Yes
Soft start	Yes
Start-up time	1s
Hold-up time, contact factory	2-25ms
Efficiency ³	77-88%
Operating temperature range at 100% load. (Conduction cooling.) with derating ⁴	-25 to +55°C -25 to +70°C

1. Higher ripple affects the input, contact factory

2. Output ripple might increase to 0.5% RMS of Vout, when EN/IEC61000-4-3, 10V/m test is applied
3. Lowest efficiency measured within the whole input voltage range at 100% load.
4. Contact factory for derating as it depends on model. The alarm relay can not be used at +70°C.

PU300 meets the requirements defined by CE mark as apparatus.

PU300 meets requirements of EMC directive and low voltage directive (LVD).

Thus a PU300 can be used as free standing unit or in installations as well as systems designed according to "The modular approach". PU300 can be used in installation without further EMC tests, if our installation instructions are followed. Please note that product standards can demand different levels or other basic standard tests. We test according to levels below. For higher levels or other tests, contact factory.
